School of Information Technology & Engineering

A PROJECT REPORT

Submitted as a Jth Component for the course

Imternet and Web Programming (ITA6003)

MCA

BY

Debayan Das	19MCA0070
Sourav Agarwal	19MCA0083
Geeta Munjal	19MCA0147

Under the Guidance of
Professor P G Shynu Sir

June 2020

Problem Description:

Online School Administration Management System Schools are social organizations in which the members are tied together in interpersonal relations in a complicated way. The school organization can function and be managed effectively. This system helps to find student information in just few seconds, checking for notice, books available in library and raising complaints. This system has four entity namely, Admin, Administrator, Teachers and students. Admin can manage teachers, school staff, courses and can add notice. Admin can add new teachers and staff details and can also update the existing members detail. Administrator has authority to manage students by adding new students and updating student's information. Administrator can also check complaints raised by students and Books available. Teachers can login and check for the study materials, view students, view the available books in library and check the notices. Students can login using provided credentials, they can view study materials, library, notices nd assigned teachers. Students can also raise complaints. Most importantly, this information can be easily shared with authorized users, records can be easily searched, and reports can be easily generated. Advantages

- The workload upon the staff members is reduced.
- This increases the interaction between the staff and the students.
- It saves paper and keeps digital track of the data.

Module Description:

1. Admin Panel: Admin can manage teachers, school staff, courses and can add notice. Admin can add new teachers and staff details and can also update the existing members detail
2. Administrator Panel: Administrator has authority to manage students by adding new students and updating student's information. Administrator can also check complaints raised by students and Books available.
3. Teacher Panel: Teachers can login and check for the study materials, view students, view the available books in library and check the notices
4. Student Panel: Students can login using provided credentials, they can view study materials, library, notices nd assigned teachers. Students can also raise complaints.

Database Description:

1. Users (userid, password, type)
2. Admindetail (id, name, address, email, phone, cabin)
3. Administratordetail (id, name, address, email, phone, cabin)
4. Teacherdetail (id, name, address, email, phone, cabin)
5. Studentdetail (regno, name, address, email, phone, blood)
6. Coursedetail (cid, cname)
7. Programmedetail (pid, pname)

The School understands the importance of teacher's role in students' life. The best teachers are identified to match the neediest students. The foster parenting system caters to the individual need of students academically as well as emotionally. Since boarders live away from their home so, Mentoring and Foster Parenting effectively accentuate students' performance. The school also understands the need to instil Indian family values in young minds

which is why for value inculcation 'catch them young ' policy is adopted. Various activities based on Happiness Index and Moral values are conducted throughout the year.

We aims to create articulate, compassionate and rational individuals, proudly Indian in essence, humanistic and universal in outlook. An innovative Programmer, delivered by caring educators, addresses the needs of the times and guides the children towards academic and human excellence. The School accords the highest priority to the realization of talent & potential at all levels of the Faculty and Administration so that the young shall never be denied the finest, the latest, and the most meaningful in the realm of knowledge and life.

```
            </td>
```

`<td>`Our endeavor is to bring up Global Citizens utilizing principles of student-centered learning. We believe in and impart education that fosters excellence, physical fitness, psychological and spiritual health, a consciousness of social obligations and concern for the environment in each student. Our students cherish their Indian culture and at the same time respect the culture of people from other parts of the world. We believe in education that teaches not only to make a living but how to live.

```
            </td>

            <td>
```

The centre is committed to providing the highest standard of education not only to the wards of JK employees but to every people in and around Gotan and also across the country. Our school community is dedicated to providing a safe, secure and stimulating environment where all the children can develop their skills and talents in a Variety of ways and to the best of their abilities. We want the children to feel confident, to see themselves as successful learners, and to have responsible attitudes towards themselves and others. We also inculcate the students to sustain and enhance rich cultural heritage and also prepare Young learners to keep pace with the challenges to come.

  <h3 class="title">Value Added Teaching</h3>

  <p id="overflowText" class="description">
```

The School understands the importance of teacher's role in students' life. The best teachers are identified to match the neediest students. The foster parenting system caters to the individual need of students academically as well as emotionally. Since boarders live away from their home so, Mentoring and Foster Parenting effectively accentuate students' performance. The school also understands the need to instil Indian family values in young minds which is why for value inculcation 'catch them young ' policy is adopted. Various activities based on Happiness Index and Moral values are conducted throughout the year.

    <h1><b>Know DGS </b></h1>

    <p><font size="5">
```

The DGS Education Centre at Gotan came into existence as a full-fledged, premier residential school in July 1987 as a realization of the values and dreams of the great visionary, Prof. Shynu P.G. The school is Senior Secondary, co-educational English medium affiliated to the Central Board of Secondary Education, New Delhi. Accommodating 1650 students including 950 boarders from all parts of the country and internationally as well, the LK Singhania Education Centre is a unique mix of the traditional and modern. This centre is a multicultural, co-educational boarding school where traditions, religions and beliefs from all walks of life are respected and celebrated. The aim is to nurture each child individually to help them become global citizens.

Although the school was initiated in 1984 with the aim to provide education to the children of JK White Cement employees only, with the great social commitment of the JK organization, it meant that the school should be expanded to provide quality education to the children of one and all with the non-profit motive. Since then, the school has grown from strength to strength in every sphere of education as well as in sports and extracurricular activities to provide an integrated learning environment for all its students. The prominent transformational phase in its history came in 1987 when the centre started providing boarding facilities to students from all over India and abroad. The school is fully equipped with ultramodern educational facilities to ensure that all the needs of students for a truly holistic development are met with. All types of co-curricular activities, sports and games are highly encouraged for a perfect all-round development of students.

At the DGS Education Centre, we are confident that our children see themselves as great thinkers, successful learners and future leaders. Being a premier co-educational boarding school, we also inculcate values in our students to sustain and enhance rich cultural heritage and also prepare young learners to keep pace with challenges to come.

The centre is committed to providing the highest standard of education not only to the wards of JK employees but to every people in and around Gotan and also across the country.

Our school community is dedicated to providing a safe, secure and stimulating environment where all the children can develop their skills and talents in a Variety of ways and to the best of their abilities. We want the children to feel confident, to see themselves as successful learners, and to have responsible attitudes towards themselves and others. We also inculcate the students to sustain and enhance rich cultural heritage and also prepare Young learners to keep pace with the challenges to come.

```

OUR VISION	OUR MISSION	OBJECTIVE
We aims to create articulate, compassionate and rational individuals, proudly Indian in essence, humanistic and universal in outlook. An innovative Programmer, delivered by caring educators, addresses the needs of the times and guides the children towards academic and human excellence. The School accords the highest priority to the realization of talent & potential at all levels of the Faculty and Administration so that the young shall never be denied the finest, the latest, and the most meaningful in the realm of knowledge and life.	Our endeavor is to bring up Global Citizens utilizing principles of student-centered learning. We believe in and impart education that fosters excellence, physical fitness, psychological and spiritual health, a consciousness of social obligations and concern for the environment in each student. Our students cherish their Indian culture and at the same time respect the culture of people from other parts of the world. We believe in education that teaches not only to make a living but how to live.	The centre is committed to providing the highest standard of education not only to the wards of JK employees but to every people in and around Gotan and also across the country. Our school community is dedicated to providing a safe, secure and stimulating environment where all the children can develop their skills and talents in a Variety of ways and to the best of their abilities. We want the children to feel confident, to see themselves as successful learners, and to have responsible attitudes towards themselves and others. We also inculcate the students to sustain and enhance rich cultural heritage and also prepare Young learners to keep pace with the challenges to come.

ABOUT US:-

Know DGS

The DGS Education Centre at Gotan came into existence as a full-fledged, premier residential school in July 1987 as a realization of the values and dreams of the great visionary, Prof. Shynu P.G. The school is Senior Secondary, co-educational English medium affiliated to the Central Board of Secondary Education, New Delhi. Accommodating 1650 students including 950 boarders from all parts of the country and internationally as well, the LK Singhania Education Centre is a unique mix of the traditional and modern. This centre is a multicultural, co-educational boarding school where traditions, religions and beliefs from all walks of life are respected and celebrated. The aim is to nurture each child individually to help them become global citizens.

Although the school was initiated in 1984 with the aim to provide education to the children of JK White Cement employees only, with the great social commitment of the JK organization, it meant that the school should be expanded to provide quality education to the children of one and all with the non-profit motive. Since then, the school has grown from strength to strength in every sphere of education as well as in sports and extracurricular activities to provide an integrated learning environment for all its students. The prominent transformational phase in its history came in 1987 when the centre started providing boarding facilities to students from all over India and abroad. The school is fully equipped with ultramodern educational facilities to ensure that all the needs of students for a truly holistic development are met with. All types of co-curricular activities, sports and games are highly encouraged for a perfect all-round development of students.

At the DGS Education Centre, we are confident that our children see themselves as great thinkers, successful learners and future leaders. Being a premier co-educational boarding school, we also inculcate values in our students to sustain and enhance rich cultural heritage and also prepare young learners to keep pace with challenges to come.

DGS PUBLIC SCHOOL

Location

Gotan is a Small Hamlet in the District of Nagaur, Rajasthan.
The school is located in a beautiful campus. Gotan is an industrial township and easily Accessible by road and broad gauge rail from Delhi, Mumbai, Kolkata, Guwahati, Jodhpur, Jaipur, Ajmer, Kota, Agra Lucknow, Chandigarh, Kalka etc.
Gotan railway station is about 2 kms from the school. Bus services from Nagaur and Ajmer are Very frequent and easily available via Merta City.
The nearest aerodrome is just 110 Kms away from jodhpur

DGS PUBLIC SCHOOL

Objective

The centre is committed to providing the highest standard of education not only to the wards of JK employees but to every people in and around Gotan and also across the country. Our school community is dedicated to providing a safe, secure and stimulating environment where all the children can develop their skills and talents in a Variety of ways and to the best of their abilities. We want the children to feel confident, to see themselves as successful learners, and to have responsible attitudes towards themselves and others. We also inculcate the students to sustain and enhance rich cultural heritage and also prepare Young learners to keep pace with the challenges to come.

DGS PUBLIC SCHOOL

LKSEC Story

LKS is a 10+2 co-educational, residential school affiliated to central board of secondary education, Delhi. The school inception on a not-for-profit basis dates back to the year 1984 with just one room and with mere 17 students. It is now situated in a sprawling campus of 200 acres and has strength of 1650 students presently. The school is a participating institution in the UNESCO Associated school project on networking in education for international cooperation and peace. the school is also a member of Indian public school�s conference (IPSC) LKSEC stand apart from its peers because of excellent infrastructure, close relationship between students and teachers and emphasis on holistic development with soft skill training both for students and faculty

DGS PUBLIC SCHOOL

Milestones

Milestones are important events that act like steps of a ladder that takes one to the top. We at the LK SINGHANIA EDUCATION CENTRE, have many feathers in our cap that we can proudly talk about. The school has taken significant strides in curricular and co-curricular activities, during the past years. We have continued to retain the recognition and affiliation by the Central Board of Secondary Education, Delhi as the school with Potential for Excellence. The school has been accredited with the status of 'Rajasthan's Number 1 Best Day cum Boarding school'.

Community Services

LKS places a lot of importance on social responsibility of the students. It inculcates the habit of social giving in the students through different activities. It has the Social Involvement Programme. Donating things on religious festival to the deprived and parentless children in the orphanage is a yearly feature. Collecting school supplies to offer, planting a school garden, holding a recycling habit , planting trees, creating a new trail at a nature centre, collecting used clothes to be donated, making first aid kits for homeless shelters are few of them that the students are expected to be involved in.
